

**Medical-Surgical Nursing: Making Connections to Practice Hoffman Sullivan  
Test Bank**

**Table of Contents**

<b>1 Foundations for Medical-Surgical Nursing</b>
<b>2 Interprofessional Collaboration and Care Coordination</b>
<b>3 Cultural Considerations</b>
<b>4 Ethical Concepts</b>
<b>5 Palliative Care and End-of-Life Issues</b>
<b>6 Geriatric Implications for Medical-Surgical Nursing</b>
<b>7 Oxygen Therapy Management</b>
<b>8 Fluid and Electrolyte Management</b>
<b>9 Acid-Base Balance</b>
<b>10 Overview of Infusion Therapies</b>
<b>11 Pain Management</b>
<b>12 Complementary and Alternative Care Initiatives</b>
<b>13 Overview of Cancer Care</b>
<b>14 Overview of Shock and Sepsis</b>
<b>15 Priorities for the Preoperative Patient</b>
<b>16 Priorities for the Intraoperative Patient</b>
<b>17 Priorities for the Postoperative Patient</b>
<b>18 Assessment of Immune Function</b>
<b>19 Coordinating Care for Patients With Immune Disorders</b>
<b>20 Coordinating Care for Patients With Connective Tissue Disorders</b>
<b>21 Coordinating Care for Patients With Multidrug-Resistant Organism Infectious Disorders</b>
<b>22 Coordinating Care for Patients With HIV</b>
<b>23 Assessment of Respiratory Function</b>
<b>24 Coordinating Care for Patients With Infectious Respiratory Disorders</b>
<b>25 Coordinating Care for Patients With Upper Airway Disorders</b>
<b>26 Coordinating Care for Patients With Lower Airway Disorders</b>
<b>27 Coordinating Care for Critically Ill Patients With Respiratory Dysfunction</b>
<b>28 Assessment of Cardiovascular Function</b>
<b>29 Coordinating Care for Patients With Cardiac Dysrhythmia</b>
<b>30 Coordinating Care for Patients With Cardiac Disorders</b>
<b>31 Coordinating Care for Patients With Vascular Disorders</b>
<b>32 Coordinating Care for Critically Ill Patients With Cardiovascular Dysfunction</b>
<b>Unit VII Promoting Health in Patients With Hematological Disorders</b>
<b>33 Assessment of Hematological Function</b>
<b>34 Coordinating Care for Patients With Hematological Disorders</b>
<b>35 Assessment of Neurological Function</b>

<b>36 Coordinating Care for Patients With Brain Disorders</b>
<b>37 Coordinating Care for Patients With Spinal Cord Disorders</b>
<b>38 Coordinating Care for Patients With Peripheral Nervous System Disorders</b>
<b>39 Coordinating Care for Critically Ill Patients With Neurological Dysfunction</b>
<b>40 Assessment of Endocrine Function</b>
<b>41 Coordinating Care for Patients With Pituitary Disorders</b>
<b>42 Coordinating Care for Patients With Adrenal Disorders</b>
<b>43 Coordinating Care for Patients With Thyroid and Parathyroid Disorders</b>
<b>44 Coordinating Care for Patients With Diabetes Mellitus</b>
<b>45 Assessment of Visual Function</b>
<b>46 Coordinating Care for Patients With Visual Disorders</b>
<b>47 Assessment of Auditory Function</b>
<b>48 Coordinating Care for Patients With Hearing Disorders</b>
<b>49 Assessment of Integumentary Function</b>
<b>50 Coordinating Care for Patients With Skin Disorders</b>
<b>51 Coordinating Care for Patients With Burns</b>
<b>52 Assessment of Musculoskeletal Function</b>
<b>53 Coordinating Care for Patients With Musculoskeletal Disorders</b>
<b>54 Coordinating Care for Patients With Musculoskeletal Trauma</b>
<b>55 Assessment of Gastrointestinal Function</b>
<b>56 Coordinating Care for Patients With Oral and Esophageal Disorders</b>
<b>57 Coordinating Care for Patients With Stomach Disorders</b>
<b>58 Coordinating Care for Patients With Intestinal Disorders</b>
<b>59 Coordinating Care for Patients With Hepatic Disorders</b>
<b>60 Coordinating Care for Patients With Biliary and Pancreatic Disorders</b>
<b>61 Assessment of Renal and Urinary Function</b>
<b>62 Coordinating Care for Patients With Renal Disorders</b>
<b>63 Coordinating Care for Patients With Urinary Disorders</b>
<b>64 Assessment of Reproductive Function</b>
<b>65 Coordinating Care for Female Patients With Reproductive and Breast Disorders</b>
<b>66 Coordinating Care for Male Patients With Reproductive and Breast Disorders</b>
<b>67 Coordinating Care for Patients With Sexually Transmitted Infection</b>
<b>68 Managing Care for the Adult Patient With Obesity</b>
<b>69 Substance Use Disorders in the Adult Population</b>
<b>70 Emergency, Trauma, and Environmental Injuries</b>
<b>71 Disasters, Mass Casualty Incidents, and Complex Emergencies</b>
