- 13) Why do women tend to associate more negative connotations with aging than do men?
- A) Women, on average, die earlier than men.
  - B) Women are evaluated on physical attractiveness and reproductive potential, and aging affects both.
  - C) Women lose mental capacity as they age more quickly than men.
  - D) Men think they get better looking with age so they don't mind it as much.
- 14) Gerontologists define a "cohort" as the:
- A) study of family processes.
  - B) actual number of years lived by a group of people.
  - C) average number of years lived by a group of people.
  - D) aggregate of individuals who experience the same event within the same time interval.
- 15) Which of the following birth cohorts is the best educated and most diverse of any generation?
- A) baby boomers
  - B) generation X
  - C) the millennials
  - D) the silent generation
- 16) Identify an accurate statement about the millennials.
- A) They are commonly known as the swing generation.
  - B) They were born before Generation X.
  - C) They are more likely to be unemployed or underemployed.
  - D) They are the least connected generation in the entire human history.
- 17) Cohort aging refers to:
- A) people in different historical eras.
  - B) people 85 and over.
  - C) distinctive experiences which cohort members share.
  - D) the continuous advancement of a cohort to one age category to another over the life span.
